SPOTLIGHT ON...

MultiLoft Encore & Insert Sheets

A pressure sensitive cohesive that adheres the sheets and inserts together taking thickness to the max and colour right through the core.

- ✓ After printing, the front and back sheets are assembled back to back
 - ✓ Optional colour inserts go in-between to achieve desired effect in a 'sandwich' like motion
 - ✓ The pressure from the trimming clamp seals the sheets by activating the cohesive
 - ✓ Adds a tactile, charismatic, extra dimension to any application
 - ✓ Insert sheets are available in five vibrant colours:
- ✓ Available in 270gsm, 317gsm
 - ✓ Typical applications include: Business cards, coasters, menus, invitations, greeting/postcards, promotional marketing materials, with compliments stationary.

Black Licorice | Wild Cherry
Orange Fizz | Blue Raspberry
Pacific Breeze

Certified for
