

Casa Blanca

- ✓ Elegant white face stock with a soft, smooth finish. Its unique composition makes the paper transparent once in contact with a heat source such as hot foil stamping.
- ✓ When light hits the translucent sections of Casa Blanca it creates a luminous shimmer created by the light bestowing a timeless affect
- ✓ This face stock easily accepts embossing, debossing and foil stamping
- ✓ Designed for premium and prestigious labelling such as luxury packaging, food packaging and bottles (wine, spirits, beverages and gourmet food).
